## PRIVATE AND SHARED FLATS

**Private flats** are more comfortable than shared houses but also more expensive. They are available for one or more people. Prices are available under request. Keep in mind that private flats need earlier booking; moreover, prices can vary according to the season time. Ischia's school is only in charge of bookings. Rent needs to be paid directly to the flat's landlord; however, we need your credit card's number to make the booking. On the other hand, **Sharing a house** with other students and the landlord himself is all about maturity. However, it also allows you to be independent. You will share other facilities like bathroom and kitchen; you can also cook for yourself. Electricity, gas, water, general expenses and taxes are included in the rent price. Bed and bath linen is given and changed every two weeks. We suggest you to be organised for your first dinner. House will be cleaned before your arrival. During your staying, you will be in charge of cleaning bedroom and other common rooms (kitchen and bathroom).

### Deposit for shared houses

As for shared houses, you need to pay a 150,00 euros deposit to get the keys to those. It is paid cash at the time of the arrival. Said amount will be given back at the time of departure, save for repairing and/or cleaning costs (whether necessary).

### Availability

Accommodation is booked from 3 PM on Sunday until 10 AM on the day before leaving. You need to warn our school in case you either arrive a day earlier or need to stay a day longer (with extra payment)

### Date and time of arrival

School needs to be informed of date and time of arrival at least 5 days before. After having received place's address, you need to communicate date and arrival time to the landlords and our schools by email.

### Bookings and payments

To book accommodations, we need card number as a warranty. Accommodation's honoraries need to be paid as soon as you get to Italy. There must be a one-off payment in cash (no transfer).

### Sheets/bath towels/laundry

Sheets are given and changed every week. Whether washing machine should be missing, there are automatic washing machines in the town's centre.

### Passport/ID photocopy

After the facts of 9/11, Italian Authorities intensified checks for foreigners. The result was a widespread increase of documents. In Italy all landlords need to declare the presence of housemates. For this reason, they need the photocopy of the passport/ID of each student. So please, bring a copy of your passport/ID.

### Rules of behaviour in shared houses

We ask you to respect the following rules:

- 1) keep common rooms tidy and clean;
- 2) utensils need to be cleaned after use;
- 3) leave out the rubbish daily as according to the list;
- 4) parties are absolutely forbidden, if without earlier warning.
- 5) You cannot use an empty bed or bedroom in the flat;
- 6) you cannot invite strangers over the house;
- 7) **you need to inform the administrative office immediately about damages or technical issues;**
- 8) leave houses clean at the moment of departure.

Still, there are some compromises between you and the hosting family. Here are some rules: keep your room clean and tidy; do not wake the family up when you get back home after midnight; do not use family's personal belongings without permission; do not use kitchen for yourself exclusively; ask permission for using the flatiron; common rooms are available for use and receiving phone calls.
